What is Living Wisdom? Living Wisdom Life and Counselling Skills Course originated in New Zealand and has been uniquely developed and authored by David Riddell., taught in New Zealand for 14 years, and Australia for the past four years. David is a qualified psychologist and also holds a Bachelor of Theology, and is internationally recognised as an author, teacher and counselling consultant. Daphne Austin who will teach this school in Redcliffe is a registered psychologist with Australian Psychological Society , has a theology background, and a Living Wisdom trainer.

Living Wisdom changes lives. The curriculum blends psychology, pastoral therapy, theology, sociology, fun and friendship - yet is very comprehensive and covers topics from Addictions, Burnout, Compulsive Erotic Desire, Depression, Emotion Directed Reasoning, Fear & Panic, Negotiation Skills, Relational Breakdown, Marriage Breakdown, Sexual Addiction, Toxic Religion, Traps for Counsellors, Unbearable Feelings, Victim-hood, and so much more. Whilst it is not a recognized training course here in Australia at this time, it has been accepted as a credit unit for a Masters in Counselling at one of Brisbane's leading universities, and Post Graduate Ministry Studies at Tabor Theological College, Adelaide.

This course can be applied across a broad spectrum of fields. It is suitable for; enhancing professional skills for those dealing specifically with the public; for those in counseling or allied fields; those in leadership in the community or church who need basic foundational skills to upgrade their communication and team empowering capabilities and for the home worker, parent, young adult or any individual seeking to strengthen their strengths and address the stumbling blocks in their character . The course identifies the how and why of those negative attributes that puts one offside with family, friends and colleagues. It enables one to also gain more understanding of the spiritual aspects of life which more and more people are now exploring.

This course is suitable for electives: to further advance facilitation training skills and understand group dynamics; for practitioners in health , psychology, theology, pastoral and nursing fields. **Costs** : 50 hours training - \$750.00 - i.e. \$75.00/day - This compares favourably with other recognized intensive courses. Manuals, & morning/afternoon teas incl: + one counselling session.
